

What is the AFA EAP Retiree Committee?

The AFA EAP-R Committee is a new and unique component of the AFA EAP designed to mobilize the strength, skills, education, and talent of AFA's retirees to advance the health and well-being of both active and retired AFA flight attendants.

Goals of the AFA EAP-R

- Maintain a strong link with the generation of EAP committee members that built our modern AFA EAP
- Engage retirees as a resource in furthering the mission of AFA EAP
- Increase AFA EAP response capability

Who's Involved?

Who is on
the committee?

The committee may consist of any retiree who has been trained in accordance with IEAP policy and procedures, either before or after her/his retirement.

What will
the committee do?

The functions of the AFA EAP-R Committee will evolve over time as the committee is developed. These functions will never replace or compete with the role and/or authority of the AFA EAP committee in responding to the needs of active members. Instead, they will support and enhance EAP committee work as their own personal circumstances permit.

The IEAP will keep your updated contact information so you can be reached about volunteering.

Why Should I Join...

Benefits of Participating

- Remain or become active in your union
- Remain active in a valued service
- Stay connected with fellow retired members
- Maintain and enhance your EAP skills and knowledge
- Receive quarterly EAP newsletters from the IEAP
- Earn hours towards your certification as a Labor Assistance Professional (LAP)
